Rockport Specialty Seafood, Inc. | 352 Park Street | Suite 205 | North Reading | MA 01864

Rockport Quality

Rockport "Easy Release" Cold Water Lobster Tails are only made from hard shell lobsters for maximum meat yield. Rockport tails are CO2 or Blast Frozen "Dry", not brine soaked frozen. Rockport also uses its "Easy Release" processing method, capturing the sweet lobster flavor and preventing meat from sticking to the shell. We make it easy for chefs to create signature lobster dishes that tantalize customers taste buds without any hassle.

Serve the best!
